

DECEMBER 2016

Information at the end of the year.

Dear Distributor,

The past year 2016 has been exciting and interesting for Kibion with new French owners, Laboratory Mayoly Spindler. Together we are now the leading manufacturer of Urea Breath Tests around the world. The acquisition will strengthen both companies' position globally and generate outstanding synergies within the Gastro field where Mayoly Spindler today already has a strong position and product portfolio as well as several new products in the pipeline for the years to come.

We believe we have a bright future ahead of us and together with all our partners we are confident that we will be successful.

Below please find some more specific information.

Medica

At Medica we had the opportunity to meet many of you for discussions, which was, as always, very useful. We would like to thank you for these interesting talks and we hope to see you again next year.

Working hours during Christmas and New Year.

The Uppsala office will be closed from 23rd of December until January 2nd. For urgent questions you can always reach us on our mobile phones.

The Bremen office will be closed from 22nd of December until January 2nd. The service line (+49 160 9094 4520) will be checked in case there are any technical questions.

Finally we would like to thank you all for your efforts and contribution to our business during 2016 and we look forward to a prosperous 2017.

Season's Greetings from

KIBION / Ingegerd
